Diagram 8 illustrates the installation of the front rail. The main assembly shows two long metal rails, labeled 'RP' (Right Profile) and 'RP' (Left Profile), being attached to a wooden cabinet frame. Four screws, labeled 'E1', are shown being driven into the rails. A detailed inset at the bottom left shows a close-up of the rail's end with two circular callouts highlighting the screw holes. A label 'FRONT' is placed next to the rail. A separate inset at the bottom right shows a screwdriver driving a screw 'E1' into the rail. A legend indicates 'E1' and '4x'.
